I Am RCR

I design user interfaces for websites, applications, flyers, logos and even the occasional beer label. I also code HTML & CSS templates, Wordpress themes, and Web Apps. When I'm not staring at a computer screen, you might find me out adventuring in the wilderness, on the tennis court, enjoying a mean grilled PB&j or nose deep in a book somewhere.

My Education

The Art Institute of Pittsburgh, June 2010
Web Design and Interactive Media
 Bachelor of Science
